SAFETY DATA SHEET

Date Printed: 22 Feb, 2017
Version: 

1. Identification

1.1 Product identifier
   1.1.1 Product of name: CHBA-8241BK
   1.1.2 Other means of identification: Not available

1.2 Recommended use of the chemical and restrictions on use
   1.2.1 Recommended use: It is used for coating of cable.
   1.2.2. Restrictions on use: Do not use for purposes other than those recommended.

1.3 Details of the supplier of the safety data sheet
   1.3.1 Manufacturer
      Company name: Hanwha Chemical Co, Ltd.
      Address: Yeosu plant, Hanwha Chemical Co, Ltd., 117, Yeoususan 3-ro, Yeosu-si, Jeollanam-do, Korea
      Prepared by: W&C Production team
      Contact Telephone: +82-61-688-1582, Fax: +82-61-688-1677, e-mail: h0500113@hanwha.com
   1.3.2 Supplier & Distributor
      Company name: Hanwha Chemical Co, Ltd.
      Address: 18F, Hanwha Bldg., Janggyo-dong, Jung-gu, Seoul, Korea
      Prepared by: Specialization Sales Team
      Contact Telephone: +82-2-729-1172, Fax: 02-729-2563, e-mail: yuanfen@hanwha.com

1.4 Emergency phone number
Emergency phone: +82-2-729-1172

2. Hazard(s) identification

2.1 Classification of the substance or mixture

Physical / Chemical Hazards: Not classified

Health Hazards: Not classified

Environmental Hazards: Not classified

2.2 Label elements, including precautionary statements
   ○ Pictogram and symbol: Not applicable
   ○ Signal word: Not applicable
   ○ Hazard statements: Not applicable
   ○ Precautionary statements:
      - Prevention: Not applicable
      - Treatment: Not applicable
      - Storage: Not applicable
      - Disposal: Not applicable
2.3 Other hazard information not included in hazard classification (NFPA)

- **Health:** 0
- **Flammability:** Not available
- **Reactivity:** Not available

3. Composition/information on ingredients

4. First-aid measures

4.1 Description of first aid measures

- **Eye contact**
  - In case of contact with substance, immediately flush eyes with running water at least 20 minutes.

- **Skin contact**
  - In case of contact with substance, immediately flush skin with running water for at least 20 minutes.
  - Remove and isolate contaminated clothing and shoes.
  - Wash thoroughly clothes and shoes before reuse.
  - Get immediate medical advice/attention.

- **Inhalation**
  - Specific medical treatment is urgent.
  - Move victim to fresh air.
  - Give artificial respiration if victim is not breathing.
  - Administer oxygen if breathing is difficult.

- **Ingestion**
  - Do not let him/her eat anything, if unconscious.
  - Get immediate medical advice/attention.

4.2 Most important symptoms and effects, both acute and delayed

- None known

4.3 Indication of immediate medical attention and notes for physician

- Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

5. Fire-fighting measures

5.1 Extinguishing media

- **Suitable extinguishing media:** Dry chemical, carbon dioxide, water, regular foam
- **Unsuitable extinguishing media:** Not available

5.2 Specific hazards arising from the chemical

- Thermal decomposition products: Halogenated compounds, carbon oxides, hydrogen chloride
- May be ignited by heat, sparks or flames.
- Containers may explode when heated.
- Some of these materials may burn, but none ignite readily.
- Fire may produce irritating and/or toxic gases.
- If inhaled, may be harmful.

5.3 Special protective equipment and precautions for fire-fighters
- Dike fire-control water for later disposal; do not scatter the material.
- Move containers from fire area if you can do it without risk.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures
- Eliminate all ignition sources.
- Stop leak if you can do it without risk.
- Ventilate the area.
- Do not touch or walk through spilled material.
- Prevent dust cloud.

6.2 Environmental precautions
- Prevent entry into water ways, sewers, basements or confined areas.

6.3 Methods and materials for containment and cleaning up
- Small Spill; Flush area with flooding quantities of water. And take up with sand or other non-combustible absorbent material and place into containers for later disposal.
- Large Spill; Dike far ahead of liquid spill for later disposal.
- With clean shovel place material into clean, dry container and cover loosely; move containers from spill area.

7. Handling and storage

7.1 Precautions for safe handling
- Please note that materials and conditions to avoid.
- Wash thoroughly after handling.
- Please work with reference to engineering controls and personal protective equipment.
- Be careful to high temperature.

7.2 Conditions for safe storage, including any incompatibilities
- Store in a closed container.
- Store in cool and dry place.

8. Exposure controls/personal protection

8.1 Occupational Exposure limits
< Polyethylene>
  ○ ACGIH regulation: Not available
  ○ Biological exposure index: Not available
  ○ OSHA regulation: Not available
  ○ NIOSH regulation: Not available
  ○ EU regulation:
    - Bulgaria: TWA=10mg/m³ (dust)
    - Czech Republic: TWA= 5mg/m³ (dust)
    - Latvia: TWA= 5mg/m³ (dust, listed under Polymers dust)
8.2 Exposure controls

Appropriate engineering controls
- Provide local exhaust ventilation system or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value.

Individual protection measures, such as personal protective equipment

Respiratory protection
- Wear NIOSH approved full or half face piece (with goggles) respiratory protective equipment when necessary.

Eye protection
- Wear facepiece with goggles to protect.
- An eye wash unit and safety shower station should be available nearby work place.
- Wear breathable safety goggles to protect from particulate material causing eye irritation or other disorder.
- An eye wash unit and safety shower station should be available nearby work place.

**Hand protection**
- Wear chemical resistant gloves.
- Wear appropriate protective gloves by considering physical and chemical properties of chemicals.

**Body protection**
- Wear appropriate protective chemical resistant clothing.
- Wear appropriate protective clothing by considering physical and chemical properties of chemicals.

### 9. Physical and chemical properties

### 10. Stability and reactivity

#### 10.1 Reactivity/Chemical stability/Possibility of hazardous reactions:
- Stable under normal conditions.
- No dangerous reaction under conditions of normal use.
- Fire may produce irritating and/or toxic gases.
- If inhaled, may be harmful.

#### 10.2 Conditions to avoid:
- Heat, sparks or flames

#### 10.3 Incompatible materials:
- Strong oxidizing agent

#### 10.4 Hazardous decomposition products:
- Halogenated compounds, carbon oxides, hydrogen chloride
## 11. Toxicological information

### Information on toxicological effects

#### (a) Acute toxicity

**Oral**
- Not classified (ATE<sub>max</sub> > 5,000 mg/kg bw)
  - Polyethylene: Rat, LD<sub>50</sub> > 2,000 mg/kg
  - Carbon black: Rat, LD<sub>50</sub> > 8,000 mg/kg
  - Zinc Stearate: Rat(female), LD<sub>50</sub> = 5,000 mg/kg bw, no death (OECD TG 423, GLP)

**Dermal**
- Not classified (ATE<sub>max</sub> > 2,000 mg/kg bw)
  - Zinc Stearate: Rabbit, LD<sub>50</sub> > 2,000 mg/kg bw

**Inhalation**
- Not classified (ATE<sub>max</sub> > 50 mg/L)
  - Zinc Stearate: Rat, LC<sub>50</sub>(4h) > 50 mg/L

#### (b) Skin Corrosion/ Irritation

- Not classified
  - Polyethylene: In test on skin irritation with rabbits, mild skin irritations were observed. (irritating index: 0.2)
  - Carbon black: In test on skin irritation with rabbits, skin irritation was not observed. (OECD TG 404)
  - Zinc Stearate: In test on skin irritation with rabbits, the substance zinc distearate was found to be not irritating

#### (c) Serious Eye Damage/ Irritation

- Not classified
  - Polyethylene: At the 24hour observation, one and two treated eyes suffered from moderate and minimal conjunctival irritation, respectively. Polyethylene produced a maximum group mean score of 11.7 and was classified as a mild irritant to the rabbit eye, all treated eyes appeared normal at the 72 hours and 7 day observations.
  - Carbon black: In test on eye irritation with rabbits, eye irritations were not observed. (OECD TG 405)
  - Zinc Stearate: When zinc distearate (100%) was applied into the un-rinsed eyes of 6 rabbits in two tests according to Draize, no irritation was observed.

#### (d) Respiratory sensitization

- Not classified
  - Carbon black: In test on respiratory sensitization with mouse, respiratory sensitization was not observed.

#### (e) Skin Sensitization

- Not classified
  - Polyethylene: In skin sensitization test with guinea pigs, skin sensitizations were not observed.
  - Carbon black: In skin sensitization test with guinea pigs, skin sensitizations were not observed.
The Substance Zinc Stearate was found to be not sensitizing when two eyeshadow formulation containing 10% zinc stearate was applied twice a day for 28 days to 52 female panelists.

12.2 Persistence and degradability

- Zinc Stearate:
  Persistence: Low persistency (log Kow is less than 4 estimated) (Log Kow=0.2695)(37℃, pH=5.53)

12.3 Bioaccumulative potential

- Zinc Stearate:
  Bioaccumulation: Bioaccumulation is expected to be low according to the BCF < 500 (BCF = 3.162)

12.4 Mobility in soil

Not available

12.5 Hazardous to the ozone layer

Not classified

13. Disposal considerations

**Disposal method**

Waste must be disposed of in accordance with federal, state and local environmental control regulation.

**Disposal precaution**

Consider the required attentions in accordance with waste treatment management regulation.

14. Transport information

14.1 UN No.: Not applicable
14.2 UN Proper shipping name: Not applicable
14.3 Transport Hazard classes:
   - ADR: Not applicable
   - IMDG: Not applicable
   - ICAO/IATA: Not applicable
   - RID: Not applicable
14.4 Packing group: Not applicable
14.5 Environmental hazards: Not applicable
14.6 Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code): Not applicable
14.7 Special precautions for user
   - in case of fire: Not applicable
   - in case of leakage: Not applicable

15. Regulatory information

15.1 Safety, health and environmental regulation/legislation specific for the substance or mixture

< Polyethylene >

USA Regulatory Information
   - TSCA (Toxic Substances Control Act): Section 8 (b) inventory: Present [XU]
