

SOLURLY SELECTION GUIDE

Grade	Pigment Grinding	OPV & Coating	Emulsion Polymerization	Key Properties
Soluryl Resins				
Soluryl 70	O	O	O	General purpose, Low viscosity, Easy to use
Soluryl 820	O	O	O	General purpose, Mid viscosity, Low acid number
Soluryl 80	O	O	O	General purpose, Low viscosity, Good emulsification power
Soluryl 90	O	O	O	General purpose, Mid viscosity
Soluryl 120	O	O	O	General purpose, High viscosity, Good resistance
Soluryl 74	O	O	O	Glycol ether free, Good film-forming
Soluryl 824	O	O	O	Glycol ether free, Good film-forming
Soluryl 94	O	O	O	Glycol ether free, Good film-forming
Soluryl 124	O	O	O	Glycol ether free, Good film-forming
Soluryl 20		O		High gloss, Low viscosity at high solids
Soluryl 840	O	O	O	Neutral pH, Good film-forming, Heat resistance
Soluryl 160	O			High performance for pigment grinding
Soluryl 60L	O	O	O	Low acid number & Low Tg, Heat seal
Soluryl 121W			O	General use for wood coating(Low acid number)
Soluryl 122W			O	High performance for wood coating(hardness, chemical resistance)
Soluryl Additives				
Soluwet 100	O	O	O	Nonionic surfactant, Grinding pigment, Gloss
Soluwet 200	O		O	Wetting agent, Ink & Emulsion stability
Soluryl Solution				
Soluryl 812	O			S-120 MEA solution
Soluryl 802	O			S-160 MEA solution
Soluryl 902G	O			Blended ASR solution, Mid viscosity
SHD 852 Ammonia	O			Blended ASR SolutionExcellent storage stability
SHD 852 MEA	O			Blended ASR SolutionExcellent color strength

Grade	Let Down for Ink			OPV & Coating		Wood coating		Key Properties
	Corrugated Paper	Carton Paper	Film & Al Foil	General	Calender	Primer	Top	
Colloidal Emulsion and General Emulsion								
Soluryl CE-0113	O							Colloidal emulsion, Mid Tg
Soluryl CE-1217	O							Colloidal emulsion, High Tg
Soluryl E-80T	O							Hiding power, Gloss
Soluryl E-8040	O							Hiding power, Transfer
Sorulryl EW-842						O	O	Universal purpose(Good Film formation)
General RFE								
Soluryl R-20	O	O	O	O				Adhesion, Water resistance
Soluryl R-20B	O	O		O				Re-solubility
Soluryl R-90		O		O	O			Gloss, Fast drying
Soluryl R-92		O		O	O			Gloss, Fast drying, Economical
Soluryl R-9061		O		O	O			High gloss
Soluryl R-9020		O		O				High gloss, Economical
Crosslinkable RFE								
Soluryl SX-1420		O	O	O				Cross-linked, Adhesion
Soluryl RX-10T		O	O	O				Good adhesion
Soluryl RX-20		O		O				Cross-linked, Resistance
Soluryl RX-30		O		O				Cross-linked, Resistance
Soluryl SE-1301		O	O	O				Good adhesion
Special RFE								
Soluryl RV-4916		O		O	O			Heat resistance
Soluryl RV-4965		O		O	O			Anti-block
Soluryl RP-590	O	O		O				Pre-print
Soluryl RH-615		O	O	O				Heat seal
Soluryl RW-114							O	Additive for Hardness
Soluryl RW-116						O	O	Universal purpose
Soluryl RW-842						O	O	Universal purpose(chemical resistance)
